

## **SUMMER NEWS 2010!**

Parents and Students,

We would like to take this time to welcome all of our registered students and new students to the San Diego Dance Centre's summer program. The SDDC staff anticipates this summer to be the best yet, with classes offered in all different styles of dance, new instructors, and new ideas for the upcoming season. We are pleased to have you be a part of it and can't wait to get started. Below are some of the new and exciting things that will be happening this summer at the San Diego Dance Centre.

### **Evaluations:**

This summer SDDC is offering an evaluation for all of its students to receive some feedback on what elements of dance they should be working on to help them progress to the next level of their dancing. These evaluations are NOT mandatory, however, the staff at the studio suggests each student take part to get a better idea of which classes will best benefit them in the summer, and also give them a better understanding of the level of classes they should be taking. Evaluations will be held the week of June 14<sup>th</sup>, 2010 and the week of June 21<sup>st</sup>, 2010. If you would like more information about evaluations, please see the studio's website at [sandiegodancecentre.com](http://sandiegodancecentre.com).

### **Technique Program:**

SDDC is dedicated to building their student's dance skills through a structured technical program that is based on certain guidelines for each style of dance. This summer, SDDC has created a system that will help each dancer progress quickly and successfully to reach their own personal best. There have been some changes to the standards for each level of dance on the technique schedule that the staff at SDDC believes will help each student progress faster and also understand what elements of technique each level will require. For a copy of each level's guidelines of jazz, ballet, lyrical and tap please see the front desk and we will be happy to help you.
